The following action is in response to the amendment received October 13, 2005.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

In claim 19, line 3, "disk" has been changed to – disc --.

In claim 39, line 3, "disk" has been changed to – disc --.

The above changes have been made to make the spelling of the term "disc" consistent with the spelling used elsewhere in the claims.

Allowable Subject Matter

Claims 18-20, 22-24, 26, 28-32, and 34-40 are allowed. In accordance with MPEP 608.01(n)IV, claims 22, 18-20, 23, 24, 26, 28-32, 40, and 34-39 will be renumbered for printing as claims 1-19, respectively.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record fails to show or render obvious a hydrodynamic converter as defined in claims 22 and 40 wherein a gap between a pump hub and a guide wheel shaft is sealed so that the oil can be fed to an inner disc carrier of the primary clutch, and the inner disc carrier has apertures such that the oil arrives at discs by passing through the apertures, grooves are provided in a friction lining which outwardly convey the oil, and the oil flows axially to the converter through a gap between the pump hub and a converter shell and via holes in the gap between the pump hub and the guide wheel shaft.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner Comment

The amendment received October 13, 2005 overcomes the rejection of claims 30 and 35 under 35 USC 112, second paragraph. Accordingly, the rejection is withdrawn.

The rejections under 35 USC 103(a) are withdrawn in view of the amendment of October 13, 2005, and the claims distinguish over the prior art of record for the reason set forth above.
